

The Tax Division Has Initiated Electronic Filing!

As of January 11, 2010 the Tax Division began accepting electronic filings on a voluntary basis. Starting April 5, 2010 electronic filing will be mandatory for all parties. However, *Pro-Se* litigants have the option of filing traditional hard copies or filing electronically.

All pleadings can be electronically filed, with the exception of the initial tax petition.

To electronically file with the Tax Division, individuals and/or firms will need to register with CaseFileXpress.com.

Save Time & Resources,
File Electronically!
