Questions and Answers

DCSC-24-RFI-1 Electronic Position Classification System

1. Does DC Courts use the Federal FES system in addition to their own non-federal standards for position classification?

   Answer: Yes.

2. DC Courts references MS Azure Government Cloud, O365 and Azure Cloud, followed by "AWS" regarding the hosting of applications. Can DC Courts specify what is hosted where?

   Answer: We are hosting internally developed applications in Microsoft Azure. M365 provides us with Microsoft's suite of office productivity tools, e.g., Word, Excel, PowerPoint, Outlook, Teams, etc., and AWS is hosting our case management solution, Tyler's Enterprise Justice.
