<sup>a</sup> Figures revised to reflect additional filings from Superior Court not previously reported.

<sup>b</sup> The clearance rate, a measure of court efficiency, is the total number of cases disposed divided by the total number of cases added to the caseload (i.e. new filings and reinstated) during a given time period. Rates of over 100% indicate that the court disposed of more cases than were added, thereby reducing the pending caseload.

<sup>a</sup>The time includes periods when cases are not under active processing by the Court of Appeals. For example, these figures include times during which some appeals are stayed for reasons such as bankruptcy or further trial court proceedings. In reciprocal bar matters, the Court opens a case file upon notification that another jurisdiction has disciplined a member of the D.C. Bar, but will not commence active processing of the matter until it receives a Report and Recommendation from the Board on Professional Responsibility.

<sup>a</sup>The clearance rate, a measure of court efficiency, is the total number of cases disposed divided by the total number of cases added (i.e., new filings/reactivated/reopened) during a given time period. Rates of over 100% indicate that the court disposed of more cases than were added, thereby reducing the pending caseload. However, some caseloads, including those in Probate involving the incapacitated or trusts, are intentionally held open. As a result, clearance rates of under 100% are expected for these caseloads.

<sup>b</sup>The beginning pending figures (i.e., "Cases Pending January 1") include cases that previously had been inactive while pending grand jury, or in a diversion or other excludable time status. Also, outstanding bench warrants are included in "Cases Available for Disposition" and excluded from the calculation of clearance rate and, once resolved, are removed from the pending caseload.

<sup>c</sup>Figure adjusted after an audit of the caseload by the division.

<sup>d</sup>In CY2010, the method of calculating the number of pending cases in Mental Retardation was modified to include only those cases pending an initial disposition. Excluded are post disposition cases under review by the court.

<sup>c</sup> In CY2010, the method of calculating the number of pending Mental Retardation cases was modified to include only those cases pending an initial disposition; excluded are post disposition cases under review by the Court. Beginning in CY2011, pursuant to Administrative Order 11-01, issued on January 5, 2011, the name of the Mental Health & Mental Retardation Branch was changed to Mental Health & Mental Habilitation Branch.

<sup>d</sup>Figure includes 130 cases that were pending pre-disposition and 2,222 cases that were pending post-disposition.

<sup>f</sup>Figure includes 93 cases that are pending pre-disposition and 2,195 cases that are pending post-disposition.

### AUDITOR MASTER CASE ACTIVITY, 2006-2010

Clearance Rate <sup>a</sup>	106%	143%	100%	106%	67%

<sup>a</sup>Clearance rate, a measure of court efficiency, is the total number of cases closed/reports issued divided by the total number of cases added to the caseload (i.e., new orders of reference and requirements for supplement reports) during a given time period. Rates of over 100% indicate that the court disposed of more cases than were added, thereby reducing the pending caseload.

<b>Total</b>	6,680	2,571	400	9,651	2,739	6,912	3.5%	92%

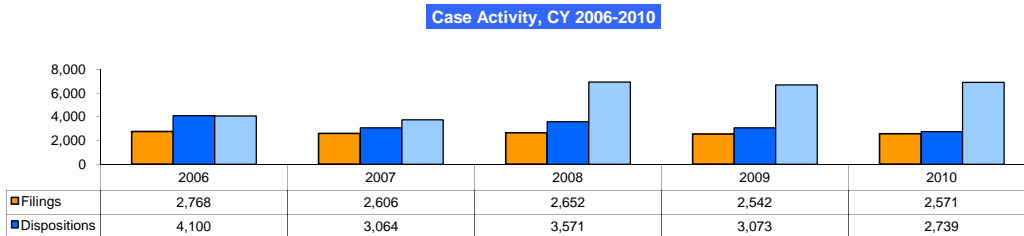

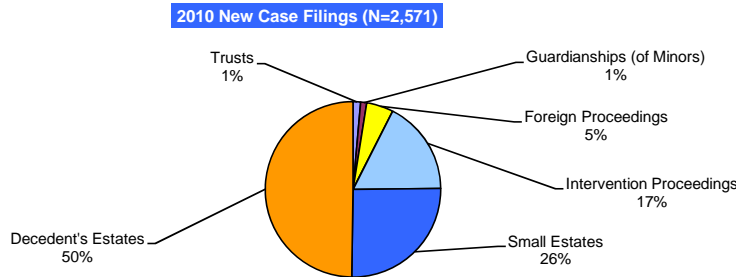

<sup>a</sup>Conservatorships (Old Law) refers to conservatorships created prior to 1989, which provided for only the management of assets of the ward. Beginning September 30 of 1989, intervention proceedings filed were governed by the 300 rule series and D.C. Code 21-2001 through 2085 and termed "Intervention Proceedings" or "Adult Guardianships/Conservatorships."

<sup>b</sup>The clearance rate, a measure of court efficiency, is the total number of cases disposed divided by the total number of cases added to the caseload (i.e., new filings/cases reactivated/reopened) during a given time period. Rates of over 100% indicate that the court disposed of more cases than were added, thereby reducing the pending caseload. However, cases involving the incapacitated or trusts are intentionally held open for the lifetime of a ward of the court or until a minor reaches the age of 18 and a final account is approved. As a result, clearance rates of under 100% are expected for these caseloads.
