A. BACKGROUND

If there is a lapse in appropriations for the District of Columbia Courts, the Antideficiency Act will limit the D.C. Courts during the lapse of funding to those operations that are financed from a source other than annual appropriations, or are authorized by law, emergencies involving the safety of human life or the protection of property, or necessary to an orderly shutdown of the Courts' functions. 31 U.S.C. §§ 1341, 1342. All employees not falling under those Antideficiency Act exceptions ("non-excepted" employees) will be furloughed; that is, placed on temporary non-pay status and non-duty status because of lack of funds. The District of Columbia Courts' Plan of operation in the event of the absence of appropriations is set out below.

In general, the plan provides that the operations of the District of Columbia Courts will be limited to those functions necessary and essential to continue the resolution of cases without interruption. This includes cases from all divisions and the Family Court of the Superior Court, and appeals to the Court of Appeals. Thus, all essential case supporting services from magistrate judges, clerks, court reporters, and others will be continued. Juvenile probation services provided by the Family Court's Social Services Division will continue to ensure public safety and the protection of property. Contracts for other services and supplies that must be obligated from current annual appropriations and which support case resolution activity or are necessary to ensure the safety of persons or the protection of property will also continue to be obligated. Opinion of the Department of Justice Office of Legal Counsel on Government Operations in the Event of a Lapse in Appropriations, 1995 O.L.C. LEXIS 57, August 16, 1995. This includes contract obligations for court security officers and cleaning services.

The authority for the continuance of these operations in the absence of appropriations is based on statutory provisions enacted by Congress. Judges of the Court of Appeals and the Superior Court are appointed by the President and their compensation is set at the rate prescribed for judges of the United States courts of appeal and district courts, respectively. D.C. Code §§ 1-204.33(a), 11-703(b) and -904(b) (chief judges are entitled to an additional \$500 per year); 19 Op. O.L.C. 301 (1995). The judges have been vested with the judicial power of the District of Columbia established pursuant to Article I of the United States Constitution. D.C. Code § 11-101(2). This authority to exercise judicial power implicitly requires that it continue to be exercised notwithstanding a lapse in appropriations. See 5 Op. O.L.C. 1, 7-8 (1981). With this authority to continue to exercise the judicial power of the District of Columbia, the authority to provide the necessary and essential support functions must also be inferred. 5 Op. O.L.C. at 22-23.

Furthermore, the Constitution guarantees the rights to presentment or indictment by a grand jury, a speedy trial, effective assistance of counsel, and confrontation of witnesses in criminal cases, and trial of criminal and civil cases by jury. *Marcus v. United States*, 476 A.2d 1134 (D.C. 1984); *Ferguson v. United States*, 977 A.2d 993, 999 (D.C. 2009); *Day v. United States*, 682 A.2d 1125, 1129 (D.C. 1996); *King v. Berindoague*, 928 A.2d 693 (D.C. 2007); see *Armster v. United States District Court*, 792 F.2d 1423 (9th Cir. 1986) (holding that the suspension of the civil jury trial system for any significant period of time for lack of funds was unconstitutional); Principles of Federal Appropriations Law, at 6-152 (3rd Ed. 2004). Grand and

petit jurors and witnesses are entitled to compensation pursuant to Congressional enactments. D.C. Code § 11-1912, 15-714. These constitutional and statutory mandates require the uninterrupted administration of judicial power and case resolution activity.

Finally, as recognized in the August 16, 1995 Department of Justice opinion, 19 Op. O.L.C. 57 (1995 Opinion), the exception for “emergencies involving the safety of human life or the protection of property” in 31 U.S.C. 1342 applies “to cases of threat to human life or property where the threat can be reasonably said to be near at hand and demanding of immediate response.” The cessation of the administration of justice in criminal, civil and family cases would present more of an emergency than some of the activities recognized as excepted in the 1995 Opinion (*e.g.*, the patrolling of the country’s borders, supervision of the stock markets). 1995 Opinion at 2-3. The continuation of operations necessary and essential to the resolution of cases is also authorized under the Antideficiency Act exception for the acceptance of voluntary services or employment of personal services for emergencies involving the safety of human life or the protection of property. 31 U.S.C. § 1342. Aside from the constitutional requirements, the suspension of criminal, juvenile and neglect operations of the Court would imminently threaten the safety of human life, and the suspension of all civil proceedings would pose an imminent threat to the protection of property under the “emergency” exception. The “emergency” exception for protecting life and property also extends to employees processing claims from the Crime Victims Compensation Fund, which are no-year funds and may be expended in the event of a lapse of appropriations. D.C. Code § 4-515(a) (2012 Repl.).

In providing appointed counsel pursuant to an indigent defendant’s right to representation, the Court is authorized to pay such appointed counsel notwithstanding a lack of appropriated funds. The Comptroller General of the United States has recognized that these mandatory obligations, like those for representation in neglect and guardianship cases, must continue to be incurred, with payment to be subject to the availability of a funding source to liquidate them. Decisions of the Comptroller General, B-283599, September 15, 1999; B-284566, April 3, 2000.

To the extent that funds are available in the D.C. Courts’ Defender Services appropriation account, Pub. L. 112-74 (2011), they are no-year funds that may be expended regardless of a lapse in annual appropriations. 5 Op. O.L.C. 1 (1981); OMB Memorandum, *Agency Operations in the Absence of Appropriations*, November 17, 1981. Activities funded by the capital improvements appropriation in the Courts’ FY 2024 Federal Payment, which does not expire until September 30, 2025, may continue until those funds are depleted. Furthermore, employees performing the administrative activities required to disburse valid obligations (*i.e.*, obligations properly entered before the lapse in appropriation or obligations of multi-year or no year funds) to contractors or grantees are “excepted” pursuant to OMB’s revised Guidance on Making Payments to Contractors and Grantees During a Lapse in Appropriations 2019, which was issued by email on January 22, 2019.

Several changes were made to the plan since the Courts last shutdown plan dated September 27, 2023. These changes were intended to clarify certain activities not related to case processing that may continue under the “emergency” exception or the “necessarily implied” exception to the Antideficiency Act. Also, the total number of FTEs was updated.

F. PERSONNEL RETAINED UNDER THE SHUTDOWN PLAN

One Thousand Fifty-Three (1,053) personnel are to be retained under the plan during a lapse in appropriations of less than five days. They fall into the following categories:

1. 8 employees are financed by a resource other than annual appropriations;
2. 72 employees are necessary to perform activities expressly authorized by law;
3. 851 employees are necessary to perform activities necessarily implied by law;
4. 122 employees are necessary to protect life and property.

G. PERSONNEL FURLOUGHED

The District of Columbia Courts plan to furlough 176 FTEs after the appropriation lapse (1,229 Total – 1,053 Excepted = 176 furloughed).

H. APPROVAL OF RETAINED STAFF

Prior to the appropriations lapse, the Executive Officer or designee shall approve the retained staff. The information will be communicated to the division directors who will verify correct titles with Human Resources personnel listings at least 72 hours prior to the date of the potential lapse and provide this information to the affected personnel.

I. NOTIFICATION TO PERSONNEL/CONTRACTORS

I. Notice of change in level of court operations.

(a) In the event of a lapse in appropriations, the Executive Officer, or a designee of the Executive Officer, will provide notice of and information regarding the implementation of the D.C. Courts Plan for Operations in Absence of Appropriations (Plan) as follows:

(1) Notice of implementation of the Plan will be provided to employees, contractors, local media, and the public through use of the D.C. Courts Internet web site, intranet site, telephone information line, D.C. Courts Alert System, and local media contacts.

(2) A written furlough notice will be delivered to each employee who is not listed as excepted as indicated in Section D above. The notice will be in the format set out in Appendix A.

(3) Written notice will be sent to contractors advising them of the termination or suspension of specific contract activity not authorized in the absence of appropriations.

(4) Notice of implementation of the Plan will be provided to partner agencies, including the Pretrial Services Agency, the United States Attorney's Office, the Public Defender Service, the Court Services and Offender Supervisor Agency, and the United States Marshals Service, by e-mail or the automated notification system.

(b) Notice of a change in the level of operations or of the resumption of full operations will be given by the methods provided in (a)(1) – (4) of this section.

II. Termination of non-essential operations.

(a) Upon implementation of the Plan, employees who have been sent a written furlough notice will be placed on non-pay, non-duty status.

(b) Contract actions and payments not authorized in the absence of appropriations will be stopped.

(c) Designated staff in affected divisions will take other actions necessary to postpone or terminate non-essential operations.

III. Change in level of operations in the event of a lapse in appropriations of more than five days.

In the event that a lapse in appropriations exceeds five days the Executive Officer with both Chief Judges will reassess the minimum needs for staffing and supplies in support of case resolution activity. Significant case backlogs or other adverse effects on case resolution resulting from reduced operating levels may warrant placing additional employees in excepted status, and resuming essential contracts.

IV. Resumption of full operations.

Upon the availability of appropriations to resume operations, notice thereof will be given by the methods provided in (a)(1) – (4) of Section I above.

J. SHUTDOWN DAY

Non-excepted personnel will be provided written furlough notices either through electronic means or by hand delivery by 9:00 a.m. at their duty stations on the employee's first regular work day following notice of an appropriations lapse (i.e. employees on compressed work schedules do not report on their regularly scheduled day off). Non-excepted employees who are able to perform necessary shutdown activities remotely may choose to receive their furlough notice by electronic means (through their work or personal email accounts) rather than at their duty stations.

Furloughed staff will be requested to perform the necessary shutdown activities, including entering time and attendance for the period prior to the lapse, and return home. It is estimated that the shutdown activities will take no longer than four hours and furloughed staff will leave as soon as shutdown activities are completed.

K. CONTRACTORS

In accordance with the District of Columbia Courts' Procurement Policies and Procedures, stop-work orders will be issued by the Administrative Services Division's Contract and Procurement Branch to all affected contractors on the first business day following appropriation lapse. The Contracting Officer or designated staff will: 1) compile a list of all current contractors, 2) determine those contractors with funding and purpose necessary to continue work in an appropriation lapse, and 3) determine those contractors who will receive stop-work orders. The Contracting Officer will work closely with the Contracting Officer Technical Representatives during this process. Contractors funded by prior-year appropriations, no-year appropriations, non-appropriated funds, or current year appropriated funds properly incurred prior to appropriation lapse may continue to perform services according to the contract terms and conditions. Contract administration, including payments to these contractors for services or goods provided during the shutdown period, may continue throughout the shutdown period only if such services are necessarily implied because of the lawful continuation of other funded or excepted activities (e.g., case processing), if the failure to provide those services during the shutdown period would result in an imminent threat to life or property, or would prevent or significantly damage the execution of a congressionally authorized and funded function. Contractors funded by current year appropriated funds properly incurred post-appropriation lapse may work under the contract terms; however, payment will not be provided to the contractors until an appropriation is enacted.

L. FY 2025 OBLIGATIONS AND PAYMENTS AFTER APPROPRIATION LAPSE

The Courts will limit new obligations to “excepted services or goods”. Excepted services or goods are those needed for: 1) conducting orderly shutdown of agency operations, 2) the protection of life and property, or 3) activities expressly authorized or necessarily implied by law. The Courts will issue payments to employees during the shutdown period for work performed prior to the appropriation lapse. The Courts cannot issue payments to retained employees for work performed after appropriation lapse, including work performed by retained and furloughed employees on the shutdown day, until appropriations are enacted. The Courts will continue to issue payments to contractors funded by prior-year, no-year, non-appropriated, or current year appropriated obligations properly incurred prior to appropriation lapse only if such services are necessarily implied because of the lawful continuation of other funded or excepted activities (e.g., case processing), if the failure to provide those services during the shutdown period would result in an imminent threat to life or property, or would prevent or significantly damage the execution of a congressionally authorized and funded function. The Courts cannot issue payments to contractors for obligations incurred post-appropriation lapse.

Appendix A

FURLOUGH NOTIFICATION

To: [Employee]

From: Ms. Sharon Gibson, Director, Human Resources Division

Subject: Furlough notice due to lapse of appropriations

In the absence of either a FY 2025 appropriation or a continuing resolution, no further financial obligations may be incurred by the D.C. Courts, except for those related to the orderly suspension of D.C. Courts' operations or performance of excepted activities as defined in guidance provided in Office of Management and Budget Circular A-11, § 124. Because you are not engaged in one of the excepted functions, you are being placed in a furlough status effective upon completion of activities you are required to perform for orderly shutdown of operations. This furlough, e.g., nonpay, nonwork status, is not expected to exceed 30 days. You should listen to public broadcasts and when you hear that a continuing resolution or a FY 2025 appropriation has been signed by the President, you will be expected to return to work on your next regular duty day. The D.C. Courts will use our emergency notification system (emergency telephone calls; posting on website www.dccourts.gov; and DC Courts Alert System) to advise as well.

This action is being taken because of a sudden emergency requiring curtailment of the D.C. Courts' activities; therefore, no advance notification is possible. Employees who are being retained as excepted are required for the orderly suspension of operations or they are performing one of the excepted activities defined in the OMB guidance.

During the furlough period, you will be in a nonpay, nonduty status. Also, during the furlough, you will not be permitted to serve as an unpaid volunteer, but must remain away from your work place unless and until a continuing resolution or a FY 2025 appropriation has been signed by the President. Any paid leave (annual, sick, court, etc.) approved for use during the furlough period is cancelled.

Career service employees who have completed a probationary period, excepted service employees, CES appointees and CEMS appointees, may appeal this action by submitting a written appeal to the Executive Officer within 30 calendar days after the effective date of the furlough. Employees have a right to representation in this matter and may be represented by an attorney or other person of their choosing. The filing of an appeal will not stay the imposition of the furlough.
