

**Rule 84. Forms**

The forms in the Appendix of Forms suffice under these rules and illustrate the simplicity and brevity that these rules contemplate.

**COMMENT TO 2017 AMENDMENTS**

In 2015, *Federal Rule of Civil Procedure 84* was abrogated because there were other sources for forms—including court websites and law libraries. Any necessary forms were directly incorporated into the relevant rule (for example, former federal Forms 5 and 6 were incorporated into Federal Rule 4). This approach was rejected as inconsistent with the needs and processes of the Superior Court.

**COMMENT**

Identical to Federal Rule of Civil Procedure 84
